

## WCF Breed standard

Update 01.01.2010

### Selkirk Rex Longhair (SRL)

|                         |                                                                                                                                                                                                                                                                                                           |
|-------------------------|-----------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Body</b>             | <p>The medium to large sized cat is muscular and stocky. Chest, shoulders and back are broad and massive.</p> <p>The legs are of medium length and muscular, the paws are thick and round.</p> <p>The tail is of medium length and thick with a rounded tail tip.</p> <p>The neck is short and solid.</p> |
| <b>Head</b>             | <p>Rounded, massive, broad head with a firm chin. The cheeks are full and solid.</p> <p>The nose is short, broad and straight. The profile is curved.</p>                                                                                                                                                 |
| <b>Ears</b>             | <p>The ears are of medium size, broad at the base, with slightly rounded tips. They are set wide apart.</p>                                                                                                                                                                                               |
| <b>Eyes</b>             | <p>The eyes are large, round and wide set.</p> <p>Eye colour corresponds with the coat colour.</p>                                                                                                                                                                                                        |
| <b>Coat</b>             | <p>The coat is of medium length, soft, with a dense undercoat and curled hair tips. The curling is particularly pronounced on the neck, the belly and on the tail.</p>                                                                                                                                    |
| <b>Colour varieties</b> | <p>All colours and patterns are recognized. Any amount of white is permitted. The description of colours is listed in the general list of colours.</p>                                                                                                                                                    |
